

Newfoundland & Labrador West to East Self Drive (12 days)

With a history of Vikings, UNESCO World Heritage sites, incredible sea-bird and whale watching opportunities and immense icebergs, a trip to Canada's Newfoundland & Labrador promises a truly unique and memorable experience.

This comprehensive tour begins in Newfoundland & Labrador and features the best of "the Far East of the Western World". Travel from the northern most tip of the island of Newfoundland to the most easterly point in North America through national parks - including Gros Morne, a UNESCO World Heritage Site. Learn of ancient peoples - the Maritime Archaic, Vikings, and Basques - as you travel to coastal fishing communities to meet the friendly and hospitable people of today. Boat tours provide the opportunity to see whales, thousands of seabirds, and, depending on the time of the year, icebergs! Sample local food and drink to become an honorary "Newfoundlander"!
